

Turn to Allah

Where are you going, where are you going
North South East or the West,
Where are you headed, where are you headed,
Turn to Allah that's the best...

For He is there wherever you are,
So turn, turn, turn to Allah.

Where do you live, oh where do you live
In the tent or in the town,
It doesn't matter where you live
You can soon be found...

For He is there, wherever you are,
So turn, turn, turn to Allah.
